To Whom It May Concern:

It is my honor to recommend Marlene Vetter of "Vetter In Home Care Services".

Marlene and her wonderful caring, competent staff took excellent care of my extremely ill wife 24 hours a day for almost three months. The Dertinger Family is extremely grateful to Marlene for her medical expertise, but also the help and support she provided to us as a family who were at a total loss on what to do in providing the needed care for my wife.

Thank you Marlene.
